

December 09, 2025: Until Donald Trump and Elon Musk are Both Arrested

Until Donald Trump and Elon Musk are both arrested for their crimes, I am alerting the general public that there is a criminal conspiracy starting from within the United States military that extends out to criminal gangs on the ground that are acting to hold innocent American citizens in the illusion of a false imprisonment.

I am alerting the American public: criminals within the United States government are using criminals outside of American government to 'herd' their political opposition into positions that are constantly surrounded, spied upon, agitated, and harassed.

I am alerting the American public: the 'dark' side of law enforcement is using criminal operatives to agitate innocent Americans into positions that will justify the use of 'light' side law enforcement to use force against those innocent Americans.

I am alerting the American public: the United States military is participating in a criminal scheme to use criminal forces to entrap and ensnare innocent Americans - or otherwise threaten and harass innocent Americans - into silence.

I am alerting the American public: I have reported this ongoing scheme to every law enforcement agency that I am aware of that can seemingly help - and I have found that no agency wants to investigate this criminal activity.

I am alerting the American public: I have reported this ongoing scheme to every political office and commission that I am aware of that can seemingly help - and I have found that no politician wants to investigate this criminal activity.

I am alerting the American public: I have no choice other than to believe that the United States government's law enforcement divisions have become captured by criminal entities that are acting 'above the law' to threaten, harass, agitate, and harm innocent Americans as a means of stopping or curtailing their political speech.

DONALD TRUMP IS A CONVICTED FELON AND ELON MUSK IS HIS RIGHT HAND MAN.

THE TWO OF THEM ARE OPERATING AS THE HANDS OF A LARGE CRIMINAL CONSPIRACY BEING ADMINISTERED BY THE FREEMASONS OF THE UNITED STATES AND WORLD.

I have done my best to alert everyone that I can and I will continue to do so until this team of criminals takes further actions to stop my speech.
